

EtaExpress

Gas canister not included

The EtaExpress is a highly effective fuel efficient stove from Primus, designed for solo trips. The stove has a high efficiency rate which allows for fast boil times and less fuel consumption, making this a more environmentally friendly stove on the whole than traditional outdoor stoves.

- Small, light and minimal fuel consumption.
- Built in Piezo.
- All of the stove components and a 230g gas canister can be packed into the pot.
- Windscreen, 1.0 litre EtaExpress pot with heat exchanger, lid that doubles as a frying pan and stuff sack are all included.

weight	418 g
output	2400W / 8500BTU/h
boil time	1 litre = 2.5 min
dimensions	115 x 115 x 140 mm
fuel	LPG canisters
Ignition	piezo
